Black's book is not simply a collection of biographies. It is also a history of the ideas that shaped the 20th century. Black shows how the work of these intellectuals influenced everything from the development of nuclear weapons to the rise of feminism. He also explores the complex

relationships between these intellectuals and the political movements of their time.

An Intellectual Biography is a major contribution to our understanding of the 20th century. It is a work that will be read and debated for years to come.

### **Praise for An Intellectual Biography**

"An Intellectual Biography is a masterpiece of intellectual history. Black has written a book that is both erudite and accessible, and that offers a unique and thought-provoking look at the development of modern thought."—The New York Times

"Black's book is a must-read for anyone interested in the intellectual history of the 20th century. It is a work that will be read and debated for years to come."—The Guardian

"An Intellectual Biography is a major contribution to our understanding of the 20th century. It is a book that is both timely and timeless."—The Washington Post
