Food Animal Practice: The Clinics is the most comprehensive and up-to-date resource for veterinarians working with food animals. This book covers all aspects of food animal practice, from nutrition and reproduction to disease diagnosis and treatment.

The book is divided into five sections:

1. **Nutrition and Reproduction**
2. **Disease Diagnosis**
3. **Disease Treatment**
4. **Surgery**
5. **Preventive Medicine**

Each section is written by a team of experts in the field, and the book is fully illustrated with color photographs and diagrams.

Food Animal Practice: The Clinics is an essential resource for veterinarians working with food animals. This book provides the most up-to-date information on all aspects of food animal practice, and it is a valuable tool for both new and experienced veterinarians.
