

Why Christians Fail To Impact Culture And Politics And How To Make Comeback

By Dr. David Barton

Christians have a long history of impacting culture and politics. But in recent years, their influence has waned. In this book, Dr. David Barton explores the reasons for this decline and offers a plan for how Christians can regain their influence in society.

Barton argues that Christians have failed to impact culture and politics because they have abandoned their biblical worldview. They have allowed secularism to infiltrate the church and have failed to stand up for their beliefs in the public square.
