Chapter 1: Roswell, New Mexico

The game begins in Roswell, New Mexico, where B.J. Blazkowicz is recovering from the events of *Wolfenstein: The New Free Download*. After

a brief tutorial, you'll be tasked with infiltrating a Nazi base. This mission is relatively straightforward, but it's a good opportunity to get used to the game's controls and mechanics.

Once you've infiltrated the base, you'll need to find a way to disable the anti-aircraft guns. Once you've done that, you'll be able to call in an airstrike and destroy the base. After the airstrike, you'll be tasked with escaping the base. This is a bit more challenging than infiltrating the base, but it's still manageable.

Once you've escaped the base, you'll be able to travel to New Orleans, Louisiana.

Chapter 2: New Orleans, Louisiana

New Orleans is a much larger and more complex area than Roswell. You'll need to be careful not to get lost, and you'll need to be prepared for anything. The Nazis are everywhere, and they're not going to make it easy for you.

Your first task in New Orleans is to find a way to contact the resistance. Once you've done that, you'll be able to start working together to liberate the city. The resistance is led by Anya Oliwa, a young woman who is determined to fight for her freedom.

Together, you'll need to fight your way through the Nazi-occupied city. You'll need to be stealthy, resourceful, and deadly. The Nazis are well-armed and they're not afraid to use their power.

But you're not alone. The resistance is fighting for their freedom, and they're not going to give up without a fight.

Chapter 3: Manhattan, New York

Manhattan is the heart of the Nazi regime in America. It's a city of towering skyscrapers and sprawling slums. The Nazis have turned this once-great city into a living nightmare.

Your task in Manhattan is to find a way to destroy the Nazi headquarters. This is a daunting task, but it's essential for the resistance. Without the headquarters, the Nazis will be much easier to defeat.

To destroy the headquarters, you'll need to find a way to get inside. Once you're inside, you'll need to find a way to disable the security systems and plant a bomb. It's a risky mission, but it's the only way to stop the Nazis.

Once you've destroyed the headquarters, you'll be able to travel to Venus, Texas.

Chapter 4: Venus, Texas

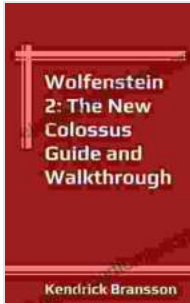

Venus is a small town in the heart of Texas. It's a place where the Nazis have been experimenting with new weapons. Your task in Venus is to find out what the Nazis are up to and to stop them.

To do this, you'll need to infiltrate the Nazi base. Once you're inside,
